at Thomasville Medical Center

New Director of Emergency Services

Dr Peter Galaska's first day in the emergency department at TMC was January 2nd. Prior to TMC, Dr Galaska practiced at Iredell Memorial Hospital. Please take time to welcome Dr Glaska.

Rowan Regional Medical Center Merger Complete

We are excited to announce that the merger of Rowan Regional Medical Center with Novant Health has been completed. Earlier this year, RRMCC's board of directors unanimously selected Novant Health as its healthcare partner for the future. RRMCC has 170 Medical-Dental Staff, 268 licensed beds, and 51,000 ED visits annually. The merger became effective January 1.

EMR Update

As many of you are aware, Novant is implementing an electronic medical record (EMR) across the system for each of its hospitals. After an initial survey of organizational and physician readiness, the findings indicate that we are ready in both aspects for hospital EMR. While a timeline has been established for the implementation of EMR at the Novant Medical Group Practices, no such timeline has been developed for the hospital based EMR system. As the design of the system requires clinical input, you as the physicians will be an integral part in making this happen.

E-Sig after Patient has Registered in Hospital

If you are currently using the electronic signature feature, please be aware that you can only electronically sign after the patient has registered at the hospital. If you sign prior to the patient registering, there is no medical record to attach to the signed document.

Use of "pause" While Dictating

When dictating please remember to use the pause feature. The pause feature was extended to 20 min to better serve the needs of our medical staff. By using the pause feature, transcription is able to quickly process the dictation, thus decreasing the backlog and improving turnaround times. To utilize the pause feature during dictation, simply press 4 on the telephone keypad. To resume dictation press 4 again. If you have further questions please call transcription at (336) 277-1620.

MLK Jr Health Fair

TMC is hosting the MLK Jr. Health Fair in the lobby from 9 – 1 on Jan. 21. The health fair is free to all attendees. If you have questions, feel free to contact Jane Wilder at (336) 476-2442
